For each collection program contributing information to the publication, check only the highest rating that is applicable. More than one collection program may be rated as Key, Supplemental, or Incidental for each publication. If the source did not provide any reporting useful in the publication, check the box labeled Not Applicable.

If a single publication treats to the than one geographic area and/or topical category and the source mix for each varied then additional forms must be complicited to be a horizontal must b

item could not have been reached without it.

Supplemental—Information from a particular collection program was important but not essential to basic conclusions of the finished intelligence item.

Incidental—Information from a particular collection program was useful or Interesting primarily as background but was used only incidentally in the finished intelligence item.
